

**WOW**

**Alaska Thunderfuck**

Always had a feeling and it turns out I was right, na na na, na  
na na  
So damn good at lying, really thought I had you on my side, na  
na na, na na na  
Told everyone I was crazy 'til I believed it too  
Only crazy thing I ever did was trust in you, na na na, na na n  
a

I knew everything you ever did and everyone you did it to  
Was sure about you're awesome then I let 'em had a piece of you

Wow  
How  
Did it take so long to figure you  
Out?  
Wow  
Better hear these words coming out of my mouth  
You think you hate me, bitch, just wait until I'm through  
I'll make you say:  
Wow  
Wow  
Wow, I never should have fucked with you

Tried to make it better but that was a mistake, na na na, na na  
na  
You really make it easy to be someone that everybody hates, na  
na na, na na na  
I should be the bigger person and I should wish you well  
But I think I'd rather watch you burn in hell, na na na, na na  
na

I knew everything you ever did and everyone you did it to  
Was sure about you're awesome then I let 'em had a piece of you

Wow  
How  
Did it take so long to figure you  
Out?  
Wow  
Better hear these words coming out of my mouth  
You think you hate me, bitch, just wait until I'm through  
I'll make you say:  
Wow  
Wow  
I never should have fucked with you

Oh how in the world, I wonder  
Oh how in the world, I wonder

Oh how in the world, I wonder  
Oh how in the world
