Burnt Alive

Mirror of our future Present in our past Close to the beginning Familiar to the end She was open to the love She was open to the truth That's why she was tortured That's why she was killed

Burnt alive, for your silence Burnt alive, by your faith Burnt alive, she had found Burnt alive, she had said, truth

Give me a reason, give me a way To believe in you Now, show me your face, show me the path To your deepest beliefs

Burnt alive, for your silence Burnt alive, by your faith Burnt alive, she had found Burnt alive, she had said the truth

She was judged by your faith She was killed by your hands But the harm is already made And I'll never forget it I've seen the door and never forget your true face

So, give me a reason, give me a way To believe in you Now, show me your face, show me the path To your deepest beliefs Alastis
