I've got a cold, cold feelin; It's just like ice around my hear t.

I've got a cold, cold feelin; It's just like ice around my hear t.

I know I'm gonna' quit somebody, every time that, feelin'starts.

You treat my like a prisoner, because my hands are tied. Everything you do to me, is stackin' up inside.

It's a cold, cold feelin' Yea, You're just like ice around my heart.

I know I'm gonna' quit somebody, every time that, feelin'starts .

There's a change in me baby, once I was blind but now I can see .

There's a change in me baby, once I was blind but now I can see .

I'm gonna' put everybody down baby,

That ever made a fool outta me.
