

# Carnal Cruise

Albert Hammond, Jr.

It was a thing that you had  
That you'd store  
The world was ours  
But I wanted more  
March to the beat of your drum  
Something you had  
That was won

Control is how you got that  
Is it something that you want to be?  
Well control is how you got that  
Is it something that you couldn't see?

See the truth, see the truth  
That you made at night  
I know I know that I got it right  
There was something on my mind that I can't explain  
There was something on my mind that I can't explain

Was the moment you got in my car  
It was the moment that we drove so far  
It wasn't something you could have escaped  
Her name was Wendy, my mistake

Control is how you got that  
Is it something that you want to be?  
Well control is how you got that  
Is it something that you couldn't see?

See the truth, see the truth  
That you're late at night  
I know I know that I got it right  
There was something on my mind that I can't explain  
There was something on my mind that I can't explain

See the truth, see the truth  
That you it's late at night  
I know I know that I got it right  
There was something on my mind that I can't explain  
There was something on my mind that I can't explain

See the truth, see the truth  
That you're late at night  
I know I know that I got it right  
There was something on my mind that I can't explain  
There was something on my mind that I can't explain
