

## Had to Try

Albert Hammond, Jr.

Pedal pedal on the gas  
You slammed your breaks into an avalanche  
I don't know why  
I don't know why

Interstellar movie night  
She came around and left me hypnotized  
I don't know why  
(Anymore, anymore)  
I don't know why  
(Anymore, anymore)

Your time's up  
I hear you, I know  
I can't wait  
Anymore, anymore

Your time's up  
I hear you, I know  
I can't wait  
Anymore, anymore

Some stories told, some stories used  
So many holes for us to choose  
I don't know why  
I don't know why

Let me let me take a sip  
Have the underdog controlling it  
I had to try  
(Anymore, anymore)  
I had to try  
(Anymore, anymore)

I don't believe  
I will find peace  
Anxious to speak  
Anxious to lead  
The whites of your eyes  
Have all turned red

Your time's up  
I hear you, I know  
I can't wait  
Anymore, anymore

Your time's up  
I hear you, I know  
I can't wait  
Anymore, anymore

Anymore, anymore  
(Pedal pedal on the gas)  
Anymore, anymore  
(You slammed your breaks into an avalanche)  
(I don't know why)  
Anymore, anymore

(I had to try)  
Anymore, anymore
