Chorus: hold your tongue Brace yourself Give me a kiss Show me what i missed

Can i find a phone Can i drop a dime Can i get a loan Running out of time And i'll have a toast To what it's all about Unless they move us on Unless they move us out Chorus Seven doglegs hung to dry It works that way Postal blowfish make me cry It works that way Begging on the nail don't fail To clue me in ??cluster frogs and crabs begin??
