

Strange Tidings

Albert Hammond, Jr.

Let's just wait here
I got so confused
But I left you in the morning
When the news was rather new

I won't go back again
My hours are through
I know she's on the mends
There's nothing you can do

Watch what you say
If I'm guilty
I will pay
Watch how it goes
If I'm guilty
It'll show
So watch
Whatcha say
If I'm guilty
I'll walk away

I won't wait here
For an hour or two
'cause you left me in the bathroom
When there's other things to do.

Watch what you say
If I'm guilty
I will pay
Watch how it goes
If I'm guilty
It'll show
So watch
Whatcha say
If I'm guilty
I'll walk away

Control, it is so hard to find
I can't believe I've lost my mind
I need you now, I need you then
All and all, we're not friends
