

## Victory At Monterey

Albert Hammond, Jr.

She's got buttons with their names on it  
Those sounds, well they tell you everything  
And it all goes back again  
Well, and it all goes back again

I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win anything  
That's sad, victory at Monterey

Happy, man I got lost in you  
Well I'm always, always gonna find you  
I'm so glad now that I have you back  
Happy, happy 'cause I know it's true  
Now that I have you back

I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win at anything  
That's sad, victory at Monterey

I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win anything  
That's sad, victory at Monterey

Happy, happy 'cause I know it's true  
I'm so glad now that I have you  
Now that I have you back
