

The Other Side Of The Sun

Albert Hammond

I'm leaving on a boat for beyond the other side of the ocean
I bet you in the morning, you won't even know I'm gone
'Cause I'm tired of living here in the middle of a mixed emotion
I might as well be living on the other side of the sun

Leaving with the feeling I don't know how I'm dealing with loving you
Though once I knew the special way and what to do
To make you stay forever and ever

Even as I'm leaving, I'll never stop believing you are the one
Who can make me laugh and can bring me back
From beyond the other side of the sun

I'm rolling down the river I hope I can deliver the morning
I'm wishing on a star for the sun to come out and play
Ain't it funny, when it's over you really don't remember the warning
You might as well be living out beyond the milky way

Leaving with the feeling I don't know how I'm dealing with loving you
Though once I knew the special way and what to do
To make you stay forever and ever

Even as I'm leaving, I'll never stop believing you are the one
Who can make me laugh and can bring me back
From beyond the other side of the sun

Leaving with the feeling I don't know how I'm dealing with loving you
Though once I knew the special way and what to do
To make you stay forever and ever

Even as I'm leaving I'll never stop believing you are the one
Who can make me laugh and can bring me back
From beyond the other side of the sun
Beyond the other side of the sun
