

# When I'm Gone

Albert Hammond

When I'm gone  
Will you take good care of everything?  
Will you keep wearing your wedding ring  
When I'm gone?

And when I'm gone  
Will you take out all the photographs?  
Maybe spend a moment in the past  
When I'm gone?

Will you miss me in the night?  
Will your arms reach out to hold me tight  
And keep me in your dreams, in your heart, in your life?

Sometimes I wanna run to you  
Like lovers do when love is new  
And just for a moment be close to you  
Pretending I'm still holding you  
And even when I'm far away  
The dreams will stay, and someday  
After we've both chased our fantasies  
Love will bring you back to me

When I'm gone  
I'll be thinking 'bout you constantly  
'cause you're locked inside my memory  
From now on

And I know  
That we said we needed time apart  
But your love keeps pulling at my heart  
Pulling strong.

Will you miss me in the night?  
Will your arms reach out to hold me tight  
And keep me in your dreams, in your heart, in your life?

Sometimes I wanna run to you  
Like lovers do when love is new  
And just for a moment be close to you  
Pretending I'm still holding you  
And even when I'm far away  
The dreams will stay, and someday  
After we've both chased our fantasies  
Love will bring you back to me

Sometimes I wanna run to you  
Like lovers do when love is new  
And just for a moment be close to you  
Pretending I'm still holding you  
And even when I'm far away  
The dreams will stay, and someday  
After we've both chased our fantasies  
Love will bring you back to me

Sometimes I wanna run to you  
Like lovers do when love is new

And just for a moment be close to you
