## **Overdose**

Alessia Cara

Oh and I overdose Boy I want off this rollercoaster You take me high just to bring me down Oh, and you bring me down, down I'm trying not to take too much I'm in over my head Over love, boy I over trust Give me the chance to pick up the pieces you left me in Why did I let you in? Overzealous, I'm over this Oh I'm over us Over and over I let you under my skin and it's over I promise never again you'd come over Something takes over me I can't control this hallucinogen Oh and I overdose Boy I want off this rollercoaster You take me high just to bring me down Oh, and you bring me down We fight, we laugh Detox, rehab Letting go of what we had Ohh, ooh ooh ooh ooh Over trying Over lies Over crying Over-traumatized Over-worked and moreover I'm done

Over and over I'm falling under your spell, call me over I'm runnin' back to this hell you come over And didn't you say we were through? Why can't I get over you?

Oh and I overdose Boy I want off this rollercoaster You take me high just to bring me down Oh, and you bring me down

Boy I come crashing, crashing Down from the high and wondering, wondering Wondering why this ain't over Let it just be over Sobering thoughts taking over my mind

Oh and I overdose Boy I want off this rollercoaster You take me high just to bring me down Oh, and you bring me down Oh and I overdose Boy I want off this rollercoaster You take me high just to bring me down Oh, and you bring me down
