

Beautiful Lady

Alex G

He had never known
Another soul
Another heart that beat like his
She was everything
He didn't know
He would need til' she said yes
And he said

Darlin'
Let me take you to Scotland
So you can see what I can see in you
Love is
You and the Highlands
And asking if you will marry me
My beautiful, beautiful lady

He had never been
So in love
Waking up to his best friend
Through sick and sin
He won't quit
And long before she told him yes
He was in
And he said...

Come and see the mountains
Jagged edges kiss the sky
Let me hold your broken
Up the mountain we will climb
You and I

Darlin'
Let me take you to Scotland
So you can see what I can see in you
Love is
It's you and the Highlands
And asking if you will marry me
Oh, my beautiful, beautiful lady
