

# Beautiful

Alex Gaudino

You're beautiful, you're beautiful,  
You're beautiful, you're beautiful, oh, oh

Do you remember how we used to kiss in the rain?  
I thought that it will never be the same  
When we found ourselves fooling around, round, round

So tonight you and I brooding in your lies  
We ignite like the fire never die  
Turn me on, leave me on, let me be the one  
I know you're just like dynamite!  
You're beautiful!

Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful

When I left you,  
I thought I'll never get through the pain!  
Thought that my heart will never beat again  
Pick me up and keep throwing me down, down!

So tonight you and I brooding in your lies  
We ignite like the fire never die  
Turn me on, leave me on, let me be the one  
I know you're just like dynamite!  
You're beautiful!

Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful  
We're beautiful, we're beautiful, we're beautiful  
We're beautiful, we're beautiful, we're beautiful  
We're beautiful, we're beautiful, we're beautiful  
We're beautiful, we're beautiful, we're beautiful

It's like the time moves slow and when I let you go  
Take my hand, I'll fly into your heart, into your heart!  
And you could be mine, you could be mine, you could be all mine  
!

You're beautiful!  
Beautiful, beautiful, beautiful, you're beautiful  
Beautiful, beautiful, beautiful, you're beautiful
