

# Living Addiction

Alex Goot

**C** **Dm** **B**  
1. Only a fool would change himself  
**B** **Am** **C**  
For a girl that lets him down,  
**C** **Dm** **B**  
Only a fool would take a chance  
**B** **Am** **C**  
A love that could never last

**C** **Dm7**  
X: And now I sit here on my own  
**Badd9**  
And dream of a girl that I used to know  
**C** **Dm7** **Badd9**  
I can't take her off my eyes again  
(**Badd9**)  
'Cause she's my living addiction

**B** **F** **C** **Dm**  
R: I know I'll do it again but I don't know why (She is my living addiction)  
**B** **F** **C** **Dm**  
I wanna know why this feeling feels so right (She is my living addiction)  
**B** **F** **C** **Dm**  
Oh she's the one that you know you're waiting on (She is my living addict  
ion)  
**B** **F** **C** **Dm**  
I know I'll do it again but I don't know why (She is my living addiction)

**Dm** **B** **B** **Am** **C**  
2. Every day she's my living addiction  
**C** **Dm** **B**  
And if I ever get the chance  
**B** **Am** **C**  
I'm gonna face it like a man, oh  
**C** **Dm** **B**  
I need to take my own advice  
**B** **Am** **C**  
I can finally realize

X: And now...

R: I know I'll do it again...

**Dm**  
\*: I was stuck in this rut so long  
**B**  
I've been making up time to save my life  
**Csus4**  
I'm convinced it's just a phase  
**Fsus2** **Csus4** **C**  
But every day I lose my mind  
**Dm**  
If I never came back and I lost my head  
**Bmaj7**  
Would I be better off tonight  
**Csus4** **C** **B**  
Just one way to find... out

R: I know I'll do it again... (2x)
