The traffic is jamming For miles up ahead Releasing emotions Deep in my head

I wish it was easy
Easy to breathe
The words that we needed
To get some relief

Sending a rescue
Coming to find you
Do you think that we could save another day
Try not to break down
Walking the old ground
I don't want to throw the life we had away

Blocked up and cluttered Tired we stand Alone together Was just not the plan Something undenying In the underlining Even if I close my eyes

Sending a rescue
Coming to find you
Do you think that we could save another day
Try not to break down
Walking the old ground
I don't want to throw the life we had away
