Please clean your plate dear the Lord above can see ya Don't you know people are starving in Korea Alcohol and razor blades and boys into needles Kindergarten people, they used 'em they need 'em The over indulgent machines were their children And there wasn't a way down on earth here to cool 'em Cos they look just like humans at Kresge's and Woolworths But decadent brains were at work to destroy Brats in battalions were ruling the streets and Generation landslide, close the gap between them

And I laughed to myself at the men and the ladies Who never conceived those billion dollar babies

La da da da daa

Militant mothers hiding in the basement
Using pots and pans as their shields and their helmets
Molotov milk bottles heaved from pink highchairs
While mothers' lib burns birth certificate papers
And dad gets his allowance from his sonny the dealer
Who's pubic to the world but involved in high finance
Sister's out til five, doing banker son's hours
But she owns a Mazarotti that's a gift from his father
Stop at full speed, at 100 miles per hour
The Colgate invisible shield finally got 'em

And I laughed to myself at the men and the ladies Who never conceived those billion dollar babies

La da da da daa

No one gives an oink about prom night or football Cos just getting home from school safe is a gamble and a blessing

Girlsies play with girlsies and boysies with boysies Bored with one another, like old broken Christmas toysies Kids are all hot and their parents are so noisy

And I laughed to myself at the men and the ladies Who never conceived those billion dollar babies
