Talking in my sleep, next to no one Never never, say never again I can't rise and shine, no I won't even try My rainy windows are crying crying

Shoulda, woulda, coulda been, like it shoulda been A contender like Marlon Brando Eani meani minei mo, caught a virus won't let go Been down so long it looks like up to me

I'm so lonely, I can almost taste it In a perfect world, I'd just be wasted Send me an angel, wrap me in her wings Hello, hello, hello, is anyone home?

Well, people love to talk, when I can hardly walk
To them I'm probably just the news at eleven
It's the edge of night as the world turns
Misunderstood it's just the wrong medication
I wish, I wish, upon a storm, I wish it hadn't gone this far
Been up so long it looks like down to me

I'm so lonely, I can almost taste it In a perfect world, I'd just be wasted Send me an angel, wrap me in her wings Hello, hello, hello, is anyone home? Hello, hello, is anyone home?

I live in a big doll house and nobody's home Just me and my mouse, I live in a big dark house And nobody's home, just me and my mouse

I'm so lonely, I can almost taste it In a perfect world, I'd just be wasted Send an angel, my own little angel Hello, hello, is anyone home?

Is anyone home? Hello, hello
Is anyone home? Hello, hello, hello
Is anyone home? Hello, hello
Is anyone home? Hello, hello, hello
Is anyone home? Hello, hello, hello
Is anyone home? Hello, hello, hello
Is anyone home?
