

## Swing on This

Alice In Chains

Mother said come home  
Father said come home  
Sisters said come home  
So my friends said come home

I said

Let me be, I'm alright  
Can't you see, I'm just fine  
Little skinny, okay  
I'm asleep anyway

Then I heard a voice  
Said "Son you have a choice"  
I then slapped my face

Let me be, I'm okay  
I'm awake anyway  
It's too bright over there  
I can shift, cannot steer  
So I drive them away  
For a while, then I stay

[Solo]

Now I have to go home  
Do as, when in Rome

Let me be, I'm alright  
Can't you see I'm just fine  
Little skinny, okay  
I'm asleep anyway  
Let me be, I'm okay  
I'm awake anyway
