Swing on This

Alice In Chains

Mother said come home Father said come home Sisters said come home So my friends said come home

I said

Let me be, I'm alright
Can't you see, I'm just fine
Little skinny, okay
I'm asleep anyway

Then I heard a voice Said "Son you have a choice" I then slapped my face

Let me be, I'm okay
I'm awake anyway
It's too bright over there
I can shift, cannot steer
So I drive them away
For a while, then I stay

[Solo]

Now I have to go home Do as, when in Rome

Let me be, I'm alright
Can't you see I'm just fine
Little skinny, okay
I'm asleep anyway
Let me be, I'm okay
I'm awake anyway
