

## Mine's Full of Maggots

Alien Sex Fiend

rocking in the swampland... waiting for a mainline...  
I can't get down... 'cause i... ain't got no time!  
an election... based on a set of teeth...  
you eat chicken! while I eat... beef...  
I'll put the icing... on the top of the cake...  
I'll be playing all my favourite records...  
while... you... lay... awake...  
mine's full of maggots  
mine's full of disease  
it'll bring you down, down to your knees...  
'cause... life's just a big c h e e s e!  
just a carcass... on a dusty track...  
a real dark horse... behind the veil...  
a reincarnation... sing praise to the lord!  
just an old man's story in the book of life...  
do you take this man,  
to be your lawful wedded wife ??  
mr cheque book... wiv the money tree... he's bought you...  
but he can't buy me...  
up in the clouds... flying so high...  
feet on the floor...  
head... in the sky!  
it's 8 am and I've gotta go... is this real life or 10 foot of  
snow ???  
mine's full of maggots...  
lights shine... so does the sun... if you can't talk to me...  
talk to my gun...  
mine's full of maggots  
mines full of disease  
it will bring you down  
down  
down to your knees  
'cause  
life's  
just  
a big c h e e s e!
