

Be Good

Alina Baraz

Something for the pain
Wash it down with rain
Following the thought of you
Have you ever held it all?
Then you trip and then you fall
You feeling a way
Feeling a way I do?
Goddamn, it hurts
Man, it really burns
Universe be testin'
But it could worse
Feeling a way
Shit, it's okay
End of the day
I'ma still be good

I'ma still be good
I'ma still, I'ma still be good
I'ma still, I'ma still be good
Can you still, can you still be good?
'Cause I'ma still, I'ma still

Be good, be good
Be-be good, be good
Be good, be good
Be good, be good
Be good, be good
Be good, be good
Be-be good, be good
Be good, be good, be
