

Outta These Clouds

Alisha's Attic

I'm driving out of control
You said something, hurt me real bad
And I'll drive till I feel better
And I'll play my radio, my radio real loud!
And I'll keep driving
Till I drive Outta These Clouds
Outta These Clouds

(ooooooo, ooo, oooooo, ooo)

I'm flying, just trying to keep the wind behind me
Coz I said I'd never (never), let you get me
No, you'll never make me blue again
Now I'm finally off the ground

I'll keep flying
Till I fly Outta These Clouds
Outta These Clouds

(ooooooo, ooo, oooooo, ooo)

(ooooooo, ooo, oooooo, ooo)

Yeah, yeah, yeah, yeaaah
Yeah, yeah, yeah, yeaaah
Yeah, yeah, yeah, yeaaah
