

## It's Time

Alkemyst

Alienation - lost control  
Paranoia - is the cage close now?

In a cold cell- I am trapped in the mirror  
Insane again - will my mind explode?

Now it's time to face  
The shadows - they dance in my head  
It's time to conquer my land  
It's time - I wonder  
If I can escape from myself?  
I'm still blind, trapped in my mind  
Forever

In the shadows of my soul  
Demons laughing  
Let me sleep!

In a cold cell- I am trapped in the mirror  
Insane again - will my mind explode?

Now it's time to face  
The shadows - they dance in my head  
It's time to conquer my land  
It's time - I wonder  
If I can escape from myself?  
I'm still blind, trapped in my mind  
Forever
