All About Eve

I have visions, I have views
And the Sandman in my shoes
Take me dreaming where the waters lie
I have apples in my eyes
I have blackbirds in my pies
I have everything I need
If I had you..

If I had you,
I'd used your arms to fall into
If I had you,
I'd never had to care
If I had you,
I'd like to see the world the way you do
Like to see the world
If I had you

I have a splendid tambourine
I have letters from the Queen
Worth a fortune in the dessert
I have ghosts who bring me flowers
I have birds with psychic powers
I have everything I need
If I had you...
