

Whoopin' Over You

All Saints

Yea yea yea yea yea yea yea yea yea yea yea yea yea yea

Boy I'm into something,
Something really cool,
Mr. DJ's got me started,
I got my eyes set on you

I feel fine,
dancefloor is mine,
I'm moving to the DJ playing beats
Watch me move my body
You feeling like you wanna leave yourself

I got my boots on,
I'm feeling mighty strong,
Yes, I ride all up on you,
Baby bring it on,
How you taking that,
D'you like my cowboy hat?
I dance like a kitty cat
(Yo, this piece's phat?)

Wanna come along for the ride,
Coz I know that it's good love,
You got me whoopin over you
You wanna let me drive,
It's alright, coz it's good love,
You got me whoopin over you,
Let me tell you something,
You know you got me whoopin over you
You got me whoopin over you

I'm completely different,
A font diva on the floor,
I'm not quite like the other girls,
Now I want you even more,
Uhh you're bad to the bone

If you really wanna be
Move close to you
Can you feel it in your feet
Feel it in your feet

How you taking that,
you like my cowboy hat,
I dance like a kitty cat
(Yo, this piece's phat?)

Wanna come along for the ride,
Coz I know that it's good love,
You got me whoopin over you
You wanna let me drive,
It's alright, coz it's good love,
You got me whoopin over you,
Let me tell you something,
You got me whoopin over you
You got me whoopin over you

I got my boots on,
I'm feeling mighty strong,
Yes, I ride all up on you,
Baby bring it on,
How you taking that,
you like my cowboy hat?
I dance like a kitty cat
(Yo, this piece's phat?)

Wanna come along for the ride,
Coz I know that it's good love,
You got me whoopin over you
You wanna let me drive,
It's alright, coz it's good love,
You got me whoopin over you,
Let me tell you something,
You got me whoopin over you
You got me whoopin over you

Yea yea yea yea yea
You got me whoopin over you
You got me whoopin over you
