

# Holly (Would You Turn Me On?)

All Time Low

When're you gonna give it up?  
You're giving me such a rush  
Come on, Holly  
Would you turn me on?

You are the taste of something sweet  
And I'm tangled in the sheets  
You left a small track down my back  
So chain me up, I'm in too deep  
Too much of you is never enough

When're you gonna give it up?  
You're giving me such a rush  
Come on, Holly  
Would you turn me on?  
Just another pretty face  
But I want one more taste  
Come on, Holly  
Would you turn me on?

Just one fix  
To keep me in the mix  
And I'm still strung out on you  
Drove all night  
I'm a deer in your headlights  
What's left of me you'll swallow soon  
Too much of you is never enough

So when're you gonna give it up?  
You're giving me such a rush  
Come on, Holly  
Would you turn me on?  
Just another pretty face  
But I want one more taste  
Come on, Holly  
Would you turn me on?

You took what you wanted  
You got it  
You know when I'm haunted  
By everything that you gave me  
You made me, you broke me, you saved me  
You're crazy, but I'm not done

So when're you gonna give it up?  
You're giving me such a rush  
Come on, Holly  
Would you turn me on?  
(Holly, would you turn me on?)  
Just another pretty face  
But I want one more taste  
Come on, Holly  
Would you turn me on?

When're you gonna give it up?  
You're giving me such a rush  
Come on, Holly

Would you turn me on?  
Just another pretty face  
But I want one more taste  
Come on, Holly  
Would you turn me on?
