

Dream About Tomorrow

Allen-Lande

Lost in a haze
Feel like I'm wasting my life
Teachings of pain
They got me for real

Sinner or Saint
Now I am choosing my fate
Angels of death will come for me
He will set my soul free

Songs of tomorrow
Silence is real
Songs of the yesterday
I must be brave

So I dream about tomorrow
Dream away today
Cause I'm raining down with sorrow
Need to find a better way

Halfway but into deep
Dreaming of change
They're walking sleep
So I dream about tomorrow

The silence is cruel
It's so hard to bear
Light fades away
It just isn't fair

Songs of tomorrow
Silence is real
Songs of the yesterday
I must be brave
