

## Days I Regret

Allie Moss

It kills me to say it  
These are the days that I regret  
Never having said what could've been said  
While I had the time  
While you were still mine

It pains me to admit  
These are the times that I regret  
Never having said what could've been said  
While I had your ear  
While you were still near

Why didn't I speak?  
Why didn't I tell you all you mean to me?  
Why didn't I tell you? Why didn't tell you?

While I had the time  
While I had your ear  
While I had your heart  
Before we were apart
