

# My Girl

ALMA

We can stay up early morning  
Stay on the corner  
All night  
Or we can just stay in this moment  
Stay in this romance  
All right  
And I'm thinking, "Oh, my God,  
You got problems!"  
But I like your eyes kinda hazy  
And your mind crazy  
All right

She put a pill on my tongue  
And she kissed me said, "Let's die young"  
And I never even asked  
I just took it fast  
She put a pill on my tongue  
And she kissed me said, "Let's have fun"  
And I never even asked  
I just took it fast  
And then we danced!

Hey, girl  
Do you wanna be my girl?  
She said, "Hey, girl  
Do you wanna be my girl?"  
And then we danced!  
Hey, girl  
Do you wanna be my girl?  
Oh, I don't trust her  
But I'll do whatever (yeah)

You are my gone girl, baby  
You tryna change me  
All right  
This feeling is fast and furious  
You keep me curious  
All night  
And I'm thinking, "Oh, my God,  
You got problems!"  
But I really don't mind you're crazy  
I'll be your baby  
All right

She put a pill on my tongue  
And she kissed me said, "Let's die young"  
And I never even asked  
I just took it fast  
And then we danced!

Hey, girl  
Do you wanna be my girl?  
She said, "Hey, girl  
Do you wanna be my girl?"  
And then we danced!  
Hey, girl  
Do you wanna be my girl?

Oh, I don't trust her  
But I'll do whatever  
And then we danced!  
And then we danced!

Yeah  
Yeah-eah  
Mmh-mh  
Mmh, yeah  
(Hey, yeah)

She put a pill on my tongue  
And she kissed me said, "Let's die young"  
And I never even asked  
I just took it fast  
And then we danced!

Hey, girl  
Do you wanna be my girl?  
She said, "Hey, girl  
Do you wanna be my girl?"  
And then we danced!  
Hey, girl  
Do you wanna be my girl?  
Oh, I don't trust her  
But I'll do whatever  
And then we danced! (Danced, ooh yeah)

She said, "Hey, girl  
Do you wanna be my girl?"  
Oh, I don't trust her  
But I'll do whatever
