

# The Brotherhood

Almah

Her man  
We're only one  
One dream  
One heart  
One blood

We've grown  
We had to leave behind  
The fears and the childhood  
'Cause there was only one

Only one  
Way to carry one  
When life stole our loved ones  
That's the trail  
Where we found our creed  
Brotherhood

Hand in hand  
Sown the fields of war  
We will stand together  
As only one  
Honoring our memories  
Brotherhood

Hey man  
Almighty one  
You made us steel and gold  
Don't think despite the thorns  
We'll give up  
We knew the truth  
'Cause there was only one...

Only one  
Way to carry one  
When life stole our loved ones  
That's the trail  
Where we found our creed  
Brotherhood

Hand in hand  
Sown the fields of war  
We will stand together  
As only one  
Honoring our memories  
Brotherhood

An unknown belief  
Fills our dreams with what i say  
To be signs from another world, another land  
There was always only one...

Only one  
Way to carry one  
When life stole our loved ones  
That's the trail  
Where we found our creed

Brotherhood

Hand in hand  
Sown the fields of war  
We will stand together  
As only one  
Honoring our memories  
Brotherhood
