

At Christmas

Aloe Blacc

At Christmas
At Christmas

Outside the snow is white
We're sitting together by the fire light
That's how we do it
At Christmas, yeah
The table is filled with food
Record player's spinning a groove
That's how we do it
At Christmas, yeah

When the sun goes down the lights goes up
I pour some eggnog in my cup
A slice of fruitcake on my plate
Let's trim the tree and decorate

At Christmas
At Christmas, yeah
At Christmas
That's how we do it
At Christmas

Playing games and singing songs
Telling stories all night long
That's how we do it
At Christmas, yeah
Sharing gifts and giving hugs
We gon' fill this house with love
That's how we do it
At Christmas, yeah

When the day is done it's time to sleep
We pray the Lord our souls to keep
Give us blessings throughout the year
And bring us back together right here

At Christmas
At Christmas, yeah

At Christmas
That's how we do it
At Christmas

Waking up at the creak of dawn
Wearing 'jamas all day long
That's how we do it
At Christmas, yeah
Roasting ham hock baking pies
Make that chicken country-fried
That's how we do it
At Christmas, yeah

Outside the snow is white
And inside the mood is just right
That's how we do it
At Christmas, yeah

That's how we do it
At Christmas, yeah
At Christmas

Build a snowman in the snow
Standing under the mistletoe
That's how we do it
At Christmas, yeah
Hanging stockings over the chimney
Sneak a peak - what did Santa bring me?
That's how we do it
At Christmas, yeah
Watching movies snuggled up
Apple cider in my cup
That's how we do it
At Christmas, yeah
That's how we do it
At Christmas, oh
That's how we do it
At Christmas, yeah
That's how we do it
At Christmas
