

Funky Ass Christmas

Aloe Blacc

We gon' have a funky ass Christmas
It's gonna be a vibe, yeah
Grooving to the music
Dancing through the night
We gon' have a funky ass Christmas
Fix that tree with lights
Everybody laughing
Everything's alright

We gon' have a funky ass Christmas
We gon' have a funky ass Christmas
We gon' have a funky ass Christmas
We gon' have a funky ass Christmas

All together we have gathered here
Like we've done each year since way back when
Reminiscing on the good old days
Let's hope and pray they never end
Next year we'll be right here together
To do it all again
Celebrate this life
With family and friends

We gon' have a...

And I know that we gon' have

A funky ass Christmas then
