

## Nascimento (Birth) - Scene II

Aloe Blacc

What will you think of me?  
What will I think of you?  
When we wake up in the morning  
And the sun is shining through

What will you say to me?  
What will I say to you?  
Lying down next to each other  
Thinking what did we do?  
Will you think of me?  
Will I think of you?  
When we go back to our lives  
After a day or two  
Will you remember me?  
Will I remember you?  
Maybe tonight should be  
The birth of something new [x4]  
Hey hey hey hey

What will you think of me?  
What will I think of you?  
When we wake up in the morning  
And the sun is shining through

What will you think of me?  
What will I think of you?  
When we wake up in the morning  
And the sun is shining through  
Will you think of me?  
Will I think of you?  
When we go back to our lives  
After a day or two  
Will you remember me?  
Will I remember you?  
Maybe tonight should be  
The birth of something new [x4]  
Hey hey hey hey
