## Altered Images

If I could achieve what I do with these

I wouldn't ask you for anything else.

Bring me closer

Bring me closer

Please

Bring me closer.

I though we were friends

It never start

It only ends and I'm losing everything I own.

You took me nowhere

You took me nowhere

You took me nowhere

You took me nowhere

Something that you do to me fills me with unease

Something that you do to me

Do to me

Again and again

I lose myself again inside you and your lie

Bring me closer

Bring me closer

Please

Bring me closer.

If I could achieve

If I could achieve

If I could achieve

Bring me closer

Bring me closer

Please

Bring me closer

Please

Bring me closer.

Something that you do to me fills me with unease

Something that you do to me fills me with unease

Something that you do to me

Do to me

Do to me

Do to me.
