

My Hand Is Still Wet

Alternative TV

Play, play, play, play, play
I was just a kid from the block of flats in '67
Just loads and loads of windows
And I was just a kid

Keep, keep away
Keep, keep away

Yesterday, go away
Memory's are so damn decayed
Yesterday, keep away
Memory's are so damn decayed
Pray, pray, pray, pray, pray
That the girl you love still loves you
It's '71
I touched her up against the wall
And she was wet

Keep, keep away
Keep, keep away

Yesterday, go away
Memory's are so damn decayed
Yesterday, keep away
Memory's are so damn decayed

Stay, stay, stay, stay, stay
Oh look back at what I've done
In anyone
There's still loads and loads of windows
And my hand is still wet

Keep, keep away
Keep, keep away

Yesterday, go away
Memory's are so damn decayed
Yesterday, keep away
Memory's are so damn decayed
