

# Mean What I Mean

AlunaGeorge

Featuring Leikeli47 & Dreezy

I shouldn't have to explain, it's so simple  
But I'm doing you a favour  
It seems you lost your brain, no signal  
So I lay it on the table

Not this time, don't act blind  
I know you've seen the signs, don't wanna read them  
It's not fine, it's not okay  
All you gotta do right now is listen  
I mean what I mean when I say so  
Not tryna be mean when I say no  
So don't play a fool and twist my rules  
I mean what I mean when I say so  
Not tryna be mean when I say no  
So trust me, I mean what I mean  
I mean what I mean  
So trust me, I mean what I mean

Give it up, it's annoying, give it up  
You wanna see, gotta make an appointment, that's right  
I hit 'em with that "Oh no, I got a boyfriend", damn girl  
Yeah, he was acting like he ain't know what no meant, nah  
I don't care about the paper you're getting  
How you spending for my ship and then you still ain't hitting  
Only see me sitting pretty so they saying I'm so diddy  
Can't just anybody get me, and I will hurt feelings  
Yeah, so keep your hands up off me  
I get it if I want it, I don't care what you bought me  
I touchdown, he think he in the endzone  
Called him little bird and put him back up in the friendzone  
Laced up, all about the pay cut  
If I say it then I mean it, ain't nobody made up (what?)  
Baby from the waist up, you can look but you can't touch  
High heels and high standards, ain't gotta say much, nah

I mean what I mean when I say so  
Not tryna be mean when I say no  
So don't play a fool and twist my rules  
I mean what I mean when I say so  
Not tryna be mean when I say no  
So trust me, I mean what I mean  
I mean what I mean  
So trust me, I mean what I mean

Better keep your hands to yourself  
If you don't wanna see me get mental  
I'm just here to have a good time  
I would of opened that door if I wanted you to come in  
See that's your final warning shot now

Uh, take cover, my girls all hover  
When we see a creep, we put 'em to sleep, uh  
Macaroni Tony in a ditch  
Cause he grabbed my ass and called me a bitch  
Aluna shoulda called a lot sooner

Got wolves around the world, coulda sent one of my juniors  
But now 47 here  
And I brought re-enforcement to make sure we clear

I mean what I mean when I say so  
Not tryna be mean when I say no  
So don't play a fool and twist my rules  
I mean what I mean when I say so  
Not tryna be mean when I say no  
So trust me, I mean what I mean  
I mean what I mean  
So trust me, I mean what I mean

So trust me, so trust me
