

Something's Gonna Get You

Alvin Lee

Well something's gonna get you
Just you wait and see
Something's gonna getcha and I betcha
Never thought it would be

Call it instant karma
Call it just deserts
Someone's gonna get you and I bet you
That it's sure gonna hurt

You got it coming to you
Got it coming fast
Like a rocket in your pocket
When it blows up
Gonna give you a blast

Well someone's gonna tell you
When you've had your fun
Someone's gonna tell you go to hell you
Evil son of a gun

Someone's gonna drop you
Just you wait and see
Someone's gonna drop you
When they stop you
Don't come crawling to me

You had it coming to you
Sure as it can be
You had it coming to you
When they do you
Don't come crying to me

Well someone's gonna get you
Just you wait and see
Something's gonna getcha and I betcha
Never thought it would be

Call it instant karma
Call it just deserts
Someone's gonna get you and I bet you
That it's sure gonna hurt

You had it coming to you
Sure as it can be
You had it coming to you, when they do you
Don't come crying to me

Well someone's gonna tell you
When you've had your fun
Someone's gonna tell you go to hell you
Evil son of a gun

Someone's gonna drop you
Just you wait and see
Someone's gonna drop you, when they stop you
Don't come crawling to me

You got it coming to you
Got it coming fast
Like a rocket in your pocket when it blows up
Gonna give you a blast.
