

# Dragon (That's What You Wanted)

Alyson Stoner

Step into the dragon's lair  
If it's too hot get out of here  
Don't you act like you don't care  
When you see me standing there

Always running hot and cold  
Up and down and back and forth  
You hear yes when I say no  
Round and round, away we go

We agree to disagree  
But were you ever meant for me  
I don't know, I don't know

I will not apologize  
For packing up my life and leaving  
And I can't waste any more time  
Waiting for you to call me, baby

(That's what you wanted)  
That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get  
That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get

You think you're a dragon slayer  
But I don't think you can compare  
After all the smoke is clear  
Take a look into the mirror

Always running hot and cold  
Up and down and back and forth  
You hear yes when I say no  
Round and round and round, away we go

We agree to disagree  
But were you ever meant for me  
I don't know, I don't know

I will not apologize  
For packing up my life and leaving  
And I can't waste any more time  
Waiting for you to call me, baby

(That's what you wanted)  
That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get  
That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get  
(that's what you wanted)

There's no turning back here, baby  
'cause you're the one who did this to me  
give me one good reason that I shouldn't run from ya

There's no time to second guess  
Oh, baby, you should hold your breath

This is when I save myself  
I'm better off without you

I will not apologize (woooooah)  
For packing up my life and leaving (better off without you)  
And I can't waste any more time (woooooah)  
Waiting for you to call me baby (better off without you)

I will not apologize  
For packing up my life and leaving  
And I can't waste any more time (woooooah)  
Waiting for you to call me baby (woooooah)

That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get  
That's what you wanted, that's what you wanted  
That's what you wanted, that's what you're gonna get  
That's what you wanted, yeah
