

# Our Last Goodbye

Amanda Jenssen

There is no point, is there  
In trying anymore?  
Where are you, when I need you?  
My love, why won't you care?

Days and nights, they all seem to go by  
With a sigh  
This is our last goodbye

Oh, sunny  
My sweet, sunny  
I tried too hard  
Goodnight, sunny  
Goodbye, sunny  
We both know it's right

Days and nights, they seem to go by  
With a sigh  
This is our last goodbye

Days and nights, they seem to go by  
With a sigh  
This is our last goodbye
