

Noah

Amber Run

My name is Noah, the sea is my home
Oh, and this small wooden boat will be my throne
I'm proud of what I've built and the things that I've done
And all of the people I've learned to love

Singing Noah, Noah

My name is Judas and my hands are tied
And even my presence is a warning sign
That wherever you go and whatever you do
Oh, your past will always follow you

Singing Noah, Noah [x2]

So why don't we light a fire
And oh let the flames grow higher
So why don't we light a fire and leave the rest behind
Cause life's for living right

Noah, Noah
Singing Noah, Noah

Gotta get busy living or get busy dying
Oh and I'd hate to see you left behind
You gotta get busy living or get busy dying
Oh and I'd hate to see you left behind

Singing Noah, Noah [x3]

My name is Noah and the sea is my home
Oh and this small waiting boat will be my throne
