

Be a Fighter

Amelia Lily

You've got to be a fighter
You can refuse to leave with nothing at all
'Cuz inside you hold the pain
You've got to be a fighter
It's time to choose if you will stand up or fall
No no no no no

Just walking on the space, I'm trying to find another way
There ain't no trace and now I gotta hold back tears
But I got no fear
Stop lying to my face, the truth is what I'm owed
So tell me straight or else you gotta disappear
You shouldn't be here

What more can I say, if you walk away
Won't fight it, won't fight for you back, no way
No more can I wait, if you're too afraid
Don't hide it, don't hide it, just break away

You've got to be a fighter
You can refuse to leave with nothing at all
'Cuz inside you hold the pain
You've got to be a fighter
It's time to choose if you will stand up or fall
No no no no no

My heart is full of doubt, my head is falling in the clouds
Scream and shout but what is gonna make you hear?
You're getting so near
We're just trying to figure out exactly what we're both about
I'm not too proud to call you up and tell you
"Dear, I want you right here"

What more can I say, if you walk away
Won't fight it, won't fight for you back, no way
No more can I wait, if you're too afraid
Don't hide it, don't hide it, just break away

You've got to be a fighter
You can refuse to leave with nothing at all
'Cuz inside you hold the pain
You've got to be a fighter
It's time to choose if you will stand up or fall
No no no no no

If you're gonna do it, then do it tonight
I'm not for waiting another day
If we're gonna do it, we're doing it right
Give me your hand and we'll fly away

If you're gonna do it, then do it tonight
I'm not for waiting another day
If we're gonna do it, we're doing it right
Give me your hand and we'll fly away

If you're gonna do it, then do it tonight
I'm not for waiting another day

If we're gonna do it, we're doing it right
Give me your hand and we'll fly away

If you're gonna do it, then do it tonight
I'm not for waiting another day
If we're gonna do it, we're doing it right
Give me your hand and we'll fly away
