

Operate

Amen

Tortured and I am betrayed
I am elusive and I will be unheard
I'll take you and I'll play with you
Stand in lines rape you

I want to destroy you
I want to rape and kill you
Operation operation
Operation on the wasteland

No rights and no one ever tells
I will sedate you
And rape your children now

I want to destroy you
I want to rape and fuck you
Operation operation
Operation on the wasteland
