Amen

Lesson number one

Take my head  
Rip it open  
Take the sickness, buried you too

After releasing one of the most violent recordings in recent history...

I fucking hate you  
I fucking hate myself

Cops suck  
Cocks  
Cops suck  
Cocks  
Cops suck  
Cocks

Revolt! Revolt!  
Abortion holiday

Here's the poison  
Welcome to the poison

Lesson number two  
Where they amen  
Amen

In these pills I take I can't see straight

The band went to signing with Virgin records

BURN IT ALIVE!  
Take your money - burn it alive  
Take your life and burn it alive  
Buried alive  
Barely alive  
Buried in lies  
May Day...

We have come for your parents out September 2000

Shut up and listen

We default your procreation  
We default your assassination  
Paralysed  
We're paralysed

Paranoia pays for your freedom  
Paranoia pays...  
Don't read the signs  
Everybody frees them  
The signs  
Everybody feeds them

With Ross Robinson at the hounds it is then proposed

for the next long provisional recording (We Have Come For Your Parents out September 2000)

This is it  
In the lion's share  
Tied to this bed  
And I can't stand no more

Attention T mark shoppers there's a blue late special on isle five

In your human assembly line  
Another holiday for you

It's too hard to be free  
Take everything you need
