

# Ain't Going to the Bar Tonight

American Aquarium

I ain't going to the bar tonight  
No I ain't going to the bar tonight  
I ain't going to the bar tonight  
'Cause I heard you were back in town

Don't let me get in my car tonight  
Don't wanna be in my car tonight  
'Cause if I get in my car tonight  
You know I'm driving downtown

I hope you know what you're doing  
I hope you know what you're doing to me

You're making things real hard tonight  
You're making things real hard alright  
You're making things real hard on me tonight  
'Cause I know that you're back in town  
And you might be going out

I hope you know what you're doing  
I hope you know what you're doing to me

I ain't going to the bar tonight  
No I ain't going to the bar tonight  
I ain't going to the bar tonight  
'Cause I know that you're back in town  
And you might be going out

I guess I'm going to the bar tonight  
I'll probably see you at the bar tonight  
Yeah, I'm going to the bar tonight  
'Cause I know that you're back in town  
And you might be going out  
Yeah, you might be going out
