

Tennessee

American Aquarium

You lied to me on a stranger's bed in Tennessee
When you swore to God you'd never give up on me
You promised me you were the one
You swore to me you were the one

And I fell for you
Hook, line, and sinker I fell for you
I would have done anything you wanted me to
'Cause I thought you were the one
'Cause you swore that you were the one

Did you lie to me when you told me that I was your only one?
And did you lie to me when you whispered the words "I love you"
?
I love you

I won't forget that day
The Bull City burned in the month of May
We talked 'til we didn't have that much to say
Your tongue was twisted by the beer
Your tongue said "Let's get out of here"

So I made love to you
On the floor of that room I made love to you
Now my heart don't work the way it used to
Back when you were the one
Back when you swore you're the one

Did you lie to me when you told me I was your only one?
And did you lie to me when you whispered the words "I love you"
?
I love you

Well I'm lyin' here
And like a knife the sun cuts through the mornin' air
I reach for you but you're not there
So much can change in a year
So much has changed in a year
