Two days ago I said we're done forever
But give it a week and we'll be back together
Oh I know how they say we're no good for eachother
But as much as you wind me up you know I love ya
And I-I-I-I never seem to shake the thought of you
And I-I-I-I I know you feel it in the same way dont' ya?

So let them talk they way they're talking Yesterday's gone, tomorrow's calling I'll be there for you I'll be there for you

'Cause I've never known a love
Never known a love like this
Never known a love, never known a love like
Your love, your love, your love
Your love, your love

And all that we are
That's what I want and all that I need
(That's what you've got)
Your love, your love, your love
Your love, your love, your love

Things will be different, this time around Set fire to the past and watch it burning down And I-I-I-I got you on my mind and in my minutes I-I-I-I don't wanna live my life without you in it

So let them talk and keep on talking Yesterday's gone, tomorrow's calling I'll be there for you I'll be there for you

Cause I've never known a love
Never known a love like this
Never known a love, never known a love like
Your love, your love, your love
Your love, your love

And all that we are
That's what I want want and all that I need
(That's what you've got)
Your love, your love, your love
Your love, your love, your love

Oh oh oh oh oh oh,
Who cares what they say about us
Oh oh oh oh oh oh oh, Oh oh oh oh oh oh oh oh
Who cares what they say about us
Oh oh oh oh oh oh oh

No, I've never known a love... like this Never known a love... like Your love, your love, your love Your love, your love, your love Cause I've never known a love

That's what I want to know that I need)
