

Love Like This

Amy Pearson

I thought I had the whole thing figured out til I found you,
Didn't wanna waste my time just lookin for love.
Thought that I was better off alone,
But I was wrong...

I never knew a love like this,
Finally opened up my eyes,
Never knew just one kiss,
Could ever wake me up inside.
And I hope it lasts forever,
Cause I'd walk a thousand miles,
Just to feel like this.
I never knew love like this.

(Ohh)

Everyday is better than the last when I'm with you.
Don't think I can get much higher.
Cause baby
Every time you come and put your hands on me,
Things you say to me,
It just feels so good...

Love like this...
Could make me wanna lose myself in you.
Love like this...
And with you here there's nothing I can't do
Just one kiss
See no one else compares to you,
And it feels true.

I never I never I never knew love like this,
I never I never I never
And I hope it lasts forever cause I'd walk a thousand miles,
Just to feel like this
No, no, no, no, no
Just to feel your kiss
Ohhhh
Just to feel like this
I never knew love like this
