

Business as Usual

Ana Popovic

We talk about the weather
listen to the blues
make love in the dark
watch the evening news

business as usual
but the feeling ain't right

We go to work
get the kids to school
make plans for tonight
we're playing it cool

business as usual
but the feeling ain't right

If these walls could talk
they'd have nothing to say
we're leaving all the love on the table
each night and day

I honestly can't tell baby
where the feeling has gone
should we work it out,
should we work it out
or just leave it alone
