

# Lifeline

Anastacia

I feel the knife at my throat  
And it cuts and it burns  
Have you no mercy  
You laugh as I twist and I turn  
Crushing the air in my chest  
Till there is no air to breathe  
Pray there's a way to escape  
But the joke is on me

Show me some hope  
Show me some light  
Cause I got nothing left in me tonight  
If I don't go  
If I say no  
Is it the end?

Somebody tell me  
Have I just wasted a life time?  
Show me some hope  
God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline

All too familiar  
So why are we back here again?  
Tell me you know how it feels to be killing a friend  
Screaming in silence  
There's no way of saving myself  
If there's no redemption  
I see you in hell

Show me some hope  
Show me some light  
Cause I got nothing left in me tonight  
If I don't go  
If I say no  
Is it the end?  
Somebody tell me  
Have I just wasted a life time?  
Show me some hope  
God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline

Throw me a lifeline  
Now you gone and done

If I don't go  
If I say no  
Is it the end?  
Somebody tell me  
Have I just wasted a life time?  
Show me some hope

God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline  
A lifeline  
A lifeline  
A lifeline
