

Forever Dancing

Anavae

We're forever dancing
To stay alive
To stay alive
We're forever dancing
To stay alive

Sleepwalking through the day
I'm drowning
Entangled sheets
I'm dying
When can we start again?
Start again?

I'm gonna keep moving with nowhere to go
Find out just how much works (?)
How do I do this now that I'm alone
Maybe I'll find you on the run

We're forever dancing
To stay alive
To stay alive
We're forever dancing
To stay alive
To stay alive

Burn the night away
Take my hand
Burn the night away
We're forever dancing
To stay alive
To stay alive

I held on till the end too tightly
Never could I keep you
In the dark, I'll start again
Start again

In joy and pain we grow
There's too much left to learn
I promise I'll return
With all my love (?)
It's all my life (?)

We're forever dancing
To stay alive
To stay alive
We're forever dancing
To stay alive
To stay alive

Burn the night away
Take my hand
Burn the night away
We're forever dancing
To stay alive
To stay alive

(Start again)
(Start again)

Played the game and fell apart
Held our breath right from the start
Now it's season (?) time again
Searching for our happy end (end end)

(End end end end end end end end)
(End end end end end end end end)
(End end end end end end end end)
(End end end end end end end end)

We're forever dancing
To stay alive
To stay alive
We're forever dancing
To stay alive
To stay alive

Burn the night away
Take my hand
Burn the night away
We're forever dancing
To stay alive
To stay alive
